

1970 Javelin

Special Red, White
& Blue Javelin

SPECIAL JAVELIN SST MODEL FOR 1970 ANNOUNCEMENT PERIOD

A group of 100 specially-equipped Javelin SST's will be produced and distributed to pre-selected AM dealers to tie-in with the announcement advertising campaign which is based on a unique, attention-getting theme emphasizing performance. All of the 100 cars will be painted in the Red/White/Blue racing theme and will be equipped with special "Trans-Am" design front and rear-deck spoilers.

In addition, the normal factory-installed 390 "Go" package plus related performance options will be included. The equipment for these limited edition promotion models is listed as follows:

Regular Javelin SST, Model #7079-7

Special Red-White-Blue Racing Exterior Paint Scheme:

Matador Red P39 (front)

Frost White P72 (mid)

Commodore Blue P84 (rear)

Special "Trans-Am" Front Lower Spoiler

Special "Trans-Am" Rear Deck Spoiler (not roof spoiler)

Delete Wheel-Opening Paint Stripes (Standard on SST)

Regular Options (or equipment) as follows:

Black Vinyl SST Interior, T 061-F (Standard)

Center Cushion and Fold-Down Armrest (Standard)

390 "Go" Package: Ram-Air Hood

Dual Exhaust System

Power Disc Brakes (Front)
